

Кстати, в этом проекте я разрабатывала два прототипа.

Единогласно с заказчиком мы остановились на правом варианте, более строгом.

My Work Experience

Self-Employed

Started as Freelance Logo & Brand Designer. I spent most of my times devoting myself to be a better designer and also took a few courses on Web Designs and Illustrator.

Visual Designer

A visual designer designs for a variety of platform & collaborate with marketing, development, information technology (IT), and operations teams.

Flat Illustration

A flat illustration style is a clean and minimalist graphic style that uses 2D elements with bright colors. It focuses on minimalism, functionality, and usability and uses no shading or extra details to make visuals look 3D.

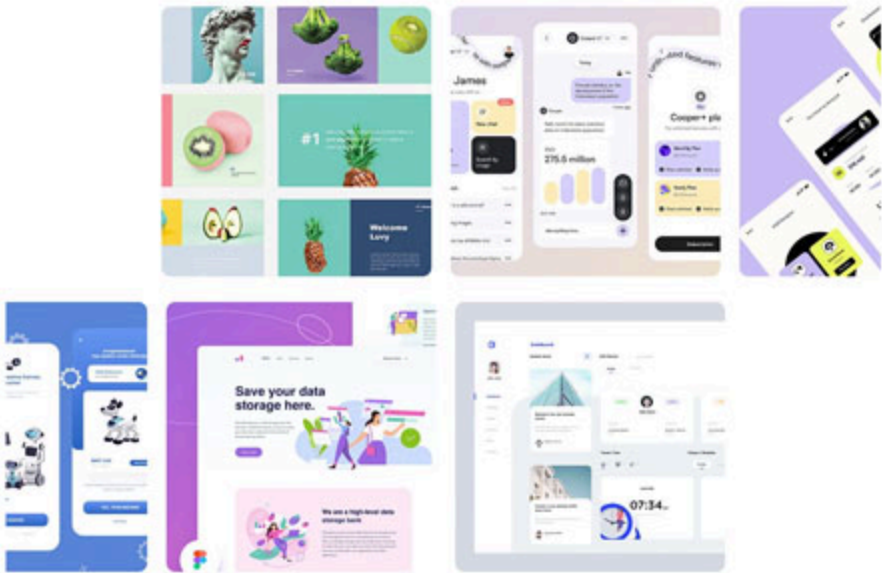

Brand Design

A Brand Designer works closely with marketing & product development teams to ensure the brand's visual identity is consistent and effectively communicated across all channels.

Testimonials

Coco Springer
Melbourne, Australia

Wow, She literally just summarized everything about my brand so perfectly. She put onto paper exactly what I was thinking but didn't know how to convey it.

Mirabelle Wany
Munich, Germany

This was the best experience I could have imagined! Every email that was sent was detailed and timely. The options provided at each design stage were so amazing it took me ages to decide between them! The final product turned out so beautiful and all files are neatly organized and ready to use!
